NOTES ON METHODOLOGY

Since January 2026, statistical data are observed, processed and presented according to the National Classification of Activities, 2025 version (NKD 2025). The classification entered into force on 1 January 2025 (NN, No. 47/24). Its content and structure are completely harmonised with the Statistical Classification of Economic Activities in the European Union (NACE Rev. 2.1). Its implementation ensures quality international comparability of statistical data.

In order to calculate the indices, the 2025 data were converted from NKD 2007 activities to NKD 2025 activities using the macro method of conversion.

The National Classification of Activities 2025 – NKD 2025 has a different structure compared to the NKD 2007 and a more detailed overview of the differences by sections between the new and the existing classification is described in the document [Differences between NKD 2007 and NKD 2025](#).
