1) Za uvoz i izvoz električne energije primjenjuje se nova Eurostatova definicija koja uključuje i tranzit. Količine električne energije smatraju se uvezima ili izvezima kada prijeđu političke granice zemlje bez obzira na to jesu li ocarinjene ili ne. Ako električna energija prolazi kroz zemlju, količina te energije prijavljuje se i kao uvoz i kao izvoz.

1) For the import and export of electricity, a new Eurostat definition is used, which includes transit: amounts of electricity are considered imported or exported when they have crossed the political boundaries of a country, regardless of whether customs clearance has taken place or not. If electricity transits through a country, the amount should be reported as both import and export.

2) Stupanjem na snagu novog Zakona o područjima i sjedištima sudova (NN, br. 67/18.), poslove prekršajnih sudova preuzeli su općinski sudovi. S obzirom da dio sudaca koji su radili na prekršajnim sudovima, sada uz prekršajne predmete postupaju u predmetima drugih pravnih područja, nije moguće njihovo zasebno prikazivanje u zasebnoj stavci. Zbog toga se, počevši od 2019. godine, oni iskazuju kao dio vrijednosti u stavci „Općinski sudovi“. Iznimku predstavljaju suci Visokog prekršajnog suda, te dva općinska prekršajna suda (u Zagrebu i Splitu).

2) With the entry into force of the new Act on Areas and Seats of Courts (NN, No. 67/18), competences of misdemeanour courts were taken over by municipal courts. Given that some judges who worked in misdemeanour courts now adjudicate misdemeanour cases but also cases in other areas of law, it is not possible to present them separately. Due to this reason, starting from 2019, they are presented as a part of the value in the item "Municipal courts". The exception are the judges of the High Misdemeanour Court, as well as two municipal misdemeanour courts (in Zagreb and Split).
