#### Data source

Data on average monthly paid earnings by sex are based on the regular Annual Survey on Persons in Employment and Earnings (RAD-1G form). They were surveyed for the first time in 2004

The survey comprises persons in employment in legal entities of all types of ownership, government bodies, and units of local and regional self-government bodies on the territory of the Republic of Croatia.

#### Coverage and comparability

Data on earnings are collected through a report filled in by legal entities on the basis of records on earnings, which comprise gross and net earnings of persons in employment who signed a work contract irrespective of the type of work contract and working time, providing that they worked all 12 months of the previous year.

This survey excludes payments of persons employed in crafts and trades and free lances as well as persons who conduct their activities at private family farms.
